

Webinar – Why are ADL Scores Shrinking post MDS-3.0

April 27, 2011

DartChart – a unique solution to the problem

- Technology supported by compliance monitoring
- Investment based on reimbursement increases
- Web-based technology
- Eliminates paper-based charting
- Pre-built best practices for the MDS
- Industrializes the process of submitting the “best” data for the MDS
- Resulting in “best” reimbursement outcomes for the facility
- Increases employee satisfaction
- Increases quality of care
- Supports the migration to MDS 3.0
